## **WICTEC AN**

Fassaden-Befestigung

Anker Typ 4 für geteilte Pfosten (Dehnpfosten) bei WICTEC 50

Façade fixing

Anchor Type 4 for split mullions (expansion mullions) WICTEC 50

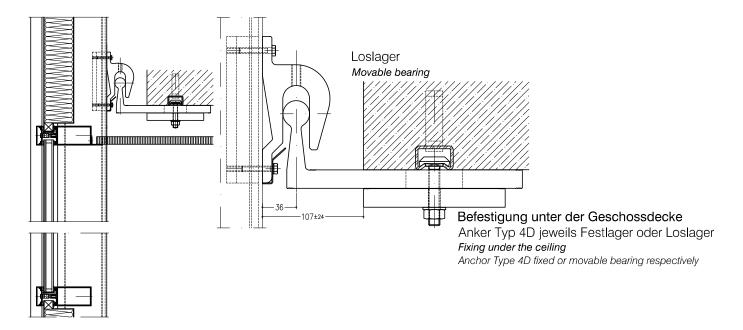

## Hinweis

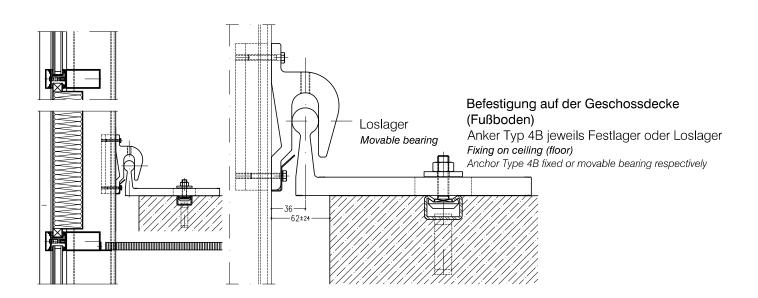

Pfosteneinbau von vorne. Diese Fassadenaufhängung kann auch bei den geteilten Pfostenprofilen WICTEC 50 verwendet werden. Es ist jedoch keine seitliche Elementmontage möglich.

Note:

Mullion assembly from the front.

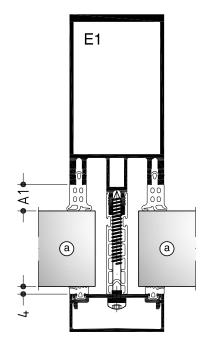

This façade suspension can also be used for split mullions of WICTEC 50. However, there is no possibility of lateral unit assembly.
